

Update on the COVID-19 Vaccines

Presenter: Alan S. Kliger, M.D.

Key Points:

- Why should I get the COVID-19 vaccine if I've been waiting so far?
- If I received the vaccine, how well am I protected from infection and its complications?
- How does protection with the vaccine compare among groups?
 - general population
 - patients with impaired immune systems
 - dialysis patients
 - transplant patients
- How well does a 3rd dose of an mRNA vaccine work?
- Does the prevalence of the Delta variant of COVID make a difference?
